Celebrating Manitoba 150, our history, our artists and artisans!

Célébrons Manitoba 150, notre histoire et nos artistes et artisans !

A Message from the President

St. Vital Agricultural Society's 111th Annual Fair and Display Celebrates Year of the Garden 2022

As you know the annual fair and display had to be cancelled in 2020 and 2021 due to the COVID-19 Pandemic. We are happy to announce the fair returns in 2022!

The theme for this year's fair and display is "Year of the Garden", a celebration of the importance and contribution of our garden culture to the development and quality of life in our communities across the country. An invitation to "Live the Garden Life".

Special thanks to Don Berthman for the whimsical design of the fair book cover depicting our theme for this year.

Sincere thanks to the Board of Directors. The Board has continued to meet, either outdoors or by Zoom meetings over the past two years, and more recently with in person monthly meetings. Their commitment to the agricultural society and the community gardens has been maintained to this day. Thank you for all your hard work in making our fair a reality in 2022.

Many thanks to our generous sponsors and advertisers who are so supportive of the fair and other activities.

So many things to do at the fair - admire the many judged entries; appreciate the varied displays; say hello and ask questions of the many demonstrators and vendors as they share their expertise and talents. Enjoy seniors' afternoon; the "Dressed-Up" Chicken BBQ; Winnipeg South Lions Club pancake breakfast and hot dog lunch; the Farmers'/Crafters' Market; kids' activities and much more. Bring family and friends to have fun and get your picture taken at the fun photo prop. See you at the fair!

GARDENING ON THE GREENWAY

In gardening season 2021 St. Vital Agricultural Society (SVAS) welcomed 23 new gardeners to the Manitoba 150/COVID-19 Relief Community Garden and welcomed back 20 gardeners to the Sesquicentennial Community Garden. SVAS also welcomed 6 young gardeners who took part in container gardening (this included two new planters which were made possible by conversion of the old water cube stands). It is a wonderful feeling to know that SVAS has been able to offer gardening opportunities to many different ethnic groups and age groups in the community. The site is providing a meeting place for conversations, developing friendships and fun! Plot holders were so appreciative over the hot, dry season to have easy access to the water supply. There were donations of tomato and pepper plants distributed for free to the gardeners and by June the gardens were looking spectacular! During June and July, the geo-textile edging for weed control was completed for the new garden by volunteers who graciously donated their time. Over the season, volunteers were invaluable to operating the site. These included teams for site maintenance, for composting, for tree and shrub maintenance and for The Manitoba 150 Pollinator Garden. Heartfelt thanks to everyone who helped out.

Due to the pandemic the Ag Society was not able to host their annual fair and display and there was no junior gardening competition nor the contest for the best maintained garden plot. Instead SVAS offered two gardener learning sessions over the summer. The first included a superb tomato pruning demonstration by Debbie Innes and a walkabout to identify plants and weeds. In the second one, a wonderful beekeeping and honey production demonstration by Marion Schoch was offered.

In August there was a "grand opening" for the Manitoba 150/COVID-19 Relief Community Garden. Terry Duguid, MP for South Winnipeg, joined gardeners to unveil the sign for the new garden. A new park bench has been installed, a joint venture between Winnipeg South Lions Club and SVAS. Compliments of Bee Better Manitoba we have another very attractive sign at the Pollinator Garden. The garden is now on the butterfly ranger map in Winnipeg, part of the National Butterflyway Ranger Program initiated by the David Suzuki Foundation. An honour!!

As you can see 2021 was a very busy year at the community gardens! Looking forward to 2022, SVAS has more projects in mind. Stay tuned!

Karen Fontaine, Co-ordinator SVAS Community Gardens

Congratulations to the St Vital Agricultural Fair on another successful year.

Our Annual General Meeting will be held at 6:30 p.m., Tuesday, November 22, 2022

The United Church in Meadowood, 1111 Dakota St beginning with a "Pot Luck" Supper.

Please contact Karen at (204)254-0443 before November 15th.

PLEASE READ THE FOLLOWING RULES BEFORE ENTERING

- 1. Competition in all classes is open to all except where otherwise specified.
- 2. It is required that the completed entry form BE LEFT WITH THE SHOW SECRETARY AT TIME OF PLACING ENTRIES. Include Membership number, description of entries, section number. PLEASE PRINT your name, address, phone number, postal code and e-mail address.
- 3. All adults require a \$5.00 membership for the current year. This entitles each member to five free entries, each additional entry is 25 cents.
- 4. Junior (16 years and under) entrants require a \$3.00 membership when entering Junior Classes only.
- 5. Juniors entering both Junior and Adult Classes require a \$5.00 membership. This entitles the exhibitor to an unlimited number of entries in the Junior Classes, five free entries in the Adult Classes with a 25 cent fee for each additional entry.
- 6. In all classes, only one entry in each section is allowed except where otherwise noted. Soiled, unfinished, or worn articles will not be accepted.
- 7. Exhibits must be **grown** by the exhibitor, within the last year. Potted plants must have been in possession of the exhibitor at least eight weeks previous to the show. For 2022, handicraft exhibits completed since August 2019 will be allowed. No article that has previously been awarded a prize is eligible for further awards. Two exhibitors will not be allowed to exhibit entries from the same garden in one section.
- 8. The judges may withhold any prizes, if in their opinion the entry is not worthy of the same. In the case of only one entry in a section an award will not be given unless the exhibit merits it.
- 9. Should any fraud or deception be detected on the part of any exhibitor, the judge or director may withhold any prize money from such exhibitor.

- 10. PROTESTS- no protests shall be allowed against the decision of the judges, except:
 - where exhibitors are not in accordance with the schedule and rule of the society
 - or where any fraud or deception has been practiced by an exhibitor in which case protests can be made; such protests must be made in writing and placed in the hands of the show secretary before closing on the day award protest has been made. Each protest must be accompanied by a fee of three dollars (\$3.00) which will be returned if protest is upheld. All questions in regard to exhibits or awards are to be referred to the show committee comprised of the president, show coordinator and director of the class in question.
- 11. Payments will be made on the Annual Awards Night. If there are any errors or omissions in statements of prize money, the Treasurer must be advised within one week of receipt of same or no adjustment will be made.
- 12. Specifications of the prize list will be strictly adhered to.
- 13. The directors of the Society will not be responsible for the loss of any exhibit from show rooms but precautions will be taken by directors to safeguard all exhibits. The directors in charge will have buildings cleared of spectators at 4:30 p.m. on last day of fair. Only exhibitors and their helpers will be admitted between 5:00 - 6:00 p.m. to pick up exhibits. No exhibits to be removed before 5:00 p.m.
- 14. Where sections state bowls, baskets or containers, the exhibitor is required to supply them.
- 15. All entries in the prize list are eligible for honourable mention ribbons or an award of merit for an outstanding exhibit at the judge's discretion.

NOTE: ALL QUALIFYING EXHIBITS WHICH HAVE BEEN ENTERED IN THE WRONG SECTION MAY, AT THE DISCRETION OF THE DIRECTORS IN CHARGE, BE TRANSFERRED TO THE PROPER SECTION

Conditioning Cut Flowers for the Flower Show

Most flowers should be cut under water and placed immediately into a container holding 5 - 7.5 cm. (2 to 3 in.) of water. Flowers should be cut just before full bloom; otherwise they will not last the three days of a flower show. Flower beds, should be checked daily, with careful attention to colour and shape of the petals. For cut flowers to be shown in containers, near show day choose and mark the freshest stems with a bit of masking tape, since there isn't time to examine every bloom, the evening before the show. A pink to red bloom that begins to show a purplish tinge is on its way out, i.e. petunias, roses, zinnias, stocks, larkspur, phlox, etc.

When cutting your flowers, a sharp knife is preferable to scissors. Place flowers in a container of hot water in the shade of a fence or shrub as you are cutting.

To prevent damage to blooms, have separate containers for different flowers. Save large juice cans and large glass jars for this purpose.

SPECIAL AWARD RIBBON FOR BEST ARRANGEMENT

Refer to rule 7 unless otherwise specified. Only fresh cut flowers may be entered in this class, EXCEPT SECTIONS 126, 131 and 132. Foliage and dried material can be from any source unless otherwise specified. Wiring or tying is permitted if not visible. Arrangements and bouquets must conform to section definition and theme.

Accessories, dye or artificial colouring is permissible.

***An arrangement is a group of flowers designed in a container using wet flower foam (oasis) or kenzan (frog), both of which should not be visible.

*** A bouquet is a casual arrangement of flowers and foliage in a container of water with no oasis

*** Sections 119 - 134 pertain to our theme

- 119. **"United in Celebration"**-a low centrepiece of cut or garden flowers with flowers and candle(s) to celebrate The Year of the Garden - 2022. Materials from any source.
- 120. "Garden Herbs" an arrangement of herbs in an antique container. At least 3 varieties of herbs are to predominate. Flowers can be part of this arrangement. No oasis or kenzan (frog) necessary.
- 121. **"Manitoba's Bounty"** a low centrepiece arrangement combining fresh flowers, fruits, and/or vegetables. An arrangement that will be viewed from all sides.
- 122. **"Water Garden"** a water garden design in a low container. This design should include things you might find in a backyard water garden or a natural pond. It may include plants, water compatible flowers, ex. orchids, small grasses, bulrushes and accessories. Material from any source.
- 123. **"A Mini Garden Bouquet"** an arrangement in a tea cup and saucer using garden flowers. This is to be a round arrangement in oasis.
- 124. **"Hand Tied Bouquet"** an arrangement consisting of fresh garden flowers bound with string, raffia or ribbon. The flowers are added one at a time around the arrangement in a circular fashion.
- 125. **"The Beautiful Boreal Forest"** a design featuring tree branches, driftwood, evergreen cones, etc., in a natural looking low container. To be viewed from one side. The idea is to create a natural woodsy garden design.
- 126. **"Green Space"** an all-foliage arrangement using house and/or garden plants.
- 127. **"In the Hay Field Now"** a bouquet comprised of dried Manitoba plant material, ex. wheat, grasses, etc. in a suitable container. A hand tied design.

- 128. **"The Bumblebee"**-For this we suggest using yellow (and Black?) flowers in a very small container like a tuna tin. Small accessories are allowed. Material from any source.
- 129. **"Reaching New Heights"** in gardening and design. Go linear with this design and use some of your tallest garden flowers. The colour red is to be the main colour. Glads, snapdragons, liatris and more are some of the flowers you should consider for this design.
- 130. **"Pot de Fleur"-** a living arrangement of indoor and outdoor plants grouped or potted together in a large container to create a pleasing design. It should also include cut flowers and potted flowering plants. Material from any source.
- 131. **"Small Scale Garden"** a dried arrangement under 13 cm (5 in). Use flowers that are to scale
- Novice Section a novice is someone who has not won a prize in Class 5.
- 132. **"In the Hay Field Now"** a bouquet comprised of dried Manitoba plant material, ex. wheat, grasses, etc, hand tied.
- 133. **"Pot de Fleur"-** a living arrangement of indoor and outdoor plants grouped or potted together in a large container to create a pleasing design. It should also include cut flowers and potted flowering plants. Material from any source.
- 134. "Garden Herbs" an arrangement of herbs in an antique container. At least 3 varieties of herbs are to predominate. Flowers can be part of this arrangement. No oasis or kenzan (frog) necessary.

Hints on Exhibiting Vegetables

BEANS

Pods should be well matched and of good colour, clear, fresh (snap when bent), free from stringiness, fine grained, smooth, fleshy, clean and well filled. Specimens should not be washed.

BEETS

Size of beets preferred is 2 to 2 1/2 in diameter. Tops should be removed to 1/2 in. above crown. Beets may be placed in cold water preparatory to the soil being carefully wiped off (not scrubbed). Roots can be trimmed back to not less than 1 in.

BROCCOLI

Broccoli is exhibited with 8 - 10" of stem, while the head is firm and compact and before the flower heads start to open (show yellow). All leaves on the stem should be removed except for the last 2 - 3 leaves next to the head.

CABBAGE

Show cabbage should be solid, fresh, crisp and tender. Heavier specimens, other conditions being equal, receive preference. The stem should be trimmed to no longer than 1/2 in. and the head should be trimmed down to 2 layers of outer leaves.

RED CABBAGE

Should comply with the general requirements of the green cultivars, but should be as dark red as possible.

CARROTS

Remove the tops 1/2 in. above the crown. Tap roots should be left on. Roots may be washed but not scrubbed.

CAULIFLOWER

The head should be smooth, clean, and firm. The head formation should be dense, regular, well-formed and free from fussiness and small leaves. A few lower leaves (4 to 6) should remain around the head and should be trimmed squarely across, leaving 1/2 to 1 in. projecting above the head. The stem should be cut to 1/4 to 1/2 in. from the lower leaves.

CORN

One - third of the husk should be removed from tip to butt. Desirable features in sweet corn are well matched specimens that are typical of the cultivar, with ears well filled from tip to butt. The kernels should be well filled, even, closely spaced and well rounded. There should not be wide spaces between rows of kernels and the rows should be straight. The milk stage of maturity is desirable.

CUCUMBER

Entries should be well matched specimens, not overripe, straight, even shaped with blunt ends. Colour should be dark green, surface smooth or warted (according to cultivar). No oil or polish should be applied. Flesh should be thick, tender and crisp. Stems should trimmed to 1/4 in.

ONIONS

Mature Bulbs - The tops should be cut off 1/2 to 1 in. above the bulb. The roots should be removed. The specimens should be well matched, typical of the cultivar, but not less than 13/4 in. in diameter, well ripened with a small neck and bright, clean, dry outer scales. They should be free from sprouts and doubles. Though coarseness is to be avoided, in Spanish types, other conditions being equal, larger bulbs receive preference.

Pickling Onions - The bulbs should be well matched, preferably white, firm, well cured, skin clear, bright and clean. The specimens should be free from doubles, scallions, sprouts, and oblong onions (length of axis exceeds diameter by over 1/4 in. The preferred diameter is 1/4 to 3/4 in.

Multipliers - The bulbs should be well matched, firm, well cured, skin clear, bright and clean.

PARSNIPS

Parsnips should be dug carefully and the soil soaked off with water, to avoid rubbing the skin. The small rootlets should be trimmed off neatly. The specimens should be well matched, firm, typical of the cultivar, of good size, not less than 1 in. diameter at the crown with long, even taper and free of side roots. The skin should be clean, smooth, white, with no discolouration. The crown should be uniform, and have a small core. The tops should be trimmed to 1/2 in. above the crown. **PEAS**

The pods should be picked carefully and handled as little as possible to avoid spoiling the "bloom". The specimens should be well matched, typical of the cultivar, fresh, well grown but not over mature, deep green in color with "bloom", well filled with peas which are tender, of good size, uniform and sweet. Other conditions being equal, a long pod is considered superior to a shorter one.

PEPPERS

The specimens should be well matched, typical of the cultivar, heavy, firm with smooth surface and uniform in colour. About 12 mm (1/2 in.) of stem, neatly trimmed, should be present on the fruit.

POTATOES

Tubers that are bright and clean, smooth, shallow-eyed, of uniform size and one cultivar, and which are free from apparent disease, cuts, bruises, sunburn and insect damage have the greatest appeal. The size of the tuber most desirable is 9 oz. Tubers weighing less are acceptable, but must be uniform in size and not less than 2 in. in diameter. Disease is indicated by scabbiness, small black specks, cloudy dark spots on the skin, discoloured portions, or by actual decay. Tubers may be wiped with a damp cloth.

ΤΟΜΑΤΟ

The specimens should be well matched, firm, typical of the cultivar, sound, free of cracks, and large blossom end scars, smooth, clean, bright, and evenly coloured (for green classes uniform green colour). Calyx left on.

North - CN Rail line

East - Plessis Road

South - 1105 Provincial Road 200

West - Red River

The Junior Gardening Competition is promoted by the St. Vital Agricultural Society. The competition is intended to make boys and girls aware of gardening and encourage them to develop long lasting gardening and environmental skills. Container gardening offers an alternative to a garden plot which is appropriate within an urban setting.

***A completed application form and a \$3.00 membership fee should be mailed or dropped off before May 31st to:

Oliver Trnka Ph. 204 257-6372

***The seeds pertaining to either garden will be distributed to the applicants in May. Only these seeds may be used in the competition.

A: Garden Plot - 3 types of flowers & 3 types of vegetables B: Container Garden - 2 types of flowers & 2 types of vegetables

400. Junior Garden Competition

1st Prize - \$15.00 AND JUNIOR GARDEN PLAQUE 2nd - \$11.00 3rd - \$7.00 4th - \$6.00 5th - \$5.00

Designing and Maintaining the Garden Plot

- The garden should be approximately 3 metres by 3.7 metres (10 feet by 12 feet) or equivalent area.
- The garden should be located in an area which is well drained, sunny and away from trees.
- The garden does not have to be located at home, however it has to be within the boundaries listed on page 23.
- Flowers may be located at one side of the plot and vegetables at the other side or flowers in flower borders may be incorporated into the general design of the garden.
- The rows of seeds should be marked out and the seeds planted evenly.
- When the seedlings emerge from the ground, thin sufficiently so that each plant will have ample space to develop properly.
- As flowers mature, the old blooms should be removed.
- Water plot when necessary.
- Control weeds at all times.
- Cultivate soil between rows when necessary to keep soil in good condition.
- Control insects and diseases using organic products.

Parents may assist the Junior Gardeners in preparing the ground and in spraying (when necessary) to control insects and diseases. The rest of the work must be done by the Junior Gardener.

The gardens will be judged before the fair. Prizes will be awarded on the basis of:

- One or more containers to have a combined surface area of at least 2 square feet per crop variety
- attention to layout in regard to placement of containers and ample spacing between plants within containers
- A recommended mix of soil for container gardening is:

6 parts good top soil 3 parts peat moss 2 parts sand

slow release fertilizer at a rate of 99 grams (2 oz.) per 12 litre pail of mix

- When the seedlings emerge from the ground, thin sufficiently so that each plant will have ample space to develop properly.
- Regular watering required every 1 to 2 days depending on size of container.
- From mid July to September, weekly applications of liquid fertilizer are recommended. Five ml. (1 teaspoon) of Hi-Sol 20-20-20 per 4 litres of water.
- As flowers mature, the old blooms should be removed.
- Control weeds at all times.
- Cultivate soil between plants when necessary to keep soil in good condition.
- Control insects and diseases using organic products.

***Parents may assist the Junior Gardeners in preparing the containers and in spraying (when necessary) to control insects and diseases. The rest of the work must be done by the Junior Gardener.

***The container garden will be judged before the fair. For the ease of judging, please keep containers for each entrant together. Prizes will be awarded on the basis of:

Preheat oven to 350°F (175°C).

In a large bowl, beat the eggs. Mix in sugar and vanilla extract. Stir in the grated zucchini and vegetable oil. In another bowl, sift together flour, baking soda, baking powder, cinnamon, ground ginger, nutmeg, and salt. Stir dry ingredients into the zucchini mixture. (Do not over-mix!) Stir in cranberries. Spoon batter into greased muffin cups. Bake at 350°F for about 20 minutes or until a toothpick comes out clean. Cool in pan 10 minutes before removing to a wire rack.

731. **Tomato Soup Cake,** entrants must bake and submit 4 squares using the following recipe.

Tomato Soup Cake

- ½ cup butter
 2 eggs
 1 ¾ cup flour
 1 tsp baking soda
 1 tsp cloves
 ½ cup raisins
- 1 cup sugar
- 1 tin tomato soup
- 1 tsp baking powder
- 1 tsp cinnamon
- 1 tsp nutmeg

Preheat oven to 350F(180C).

Cream butter. Add sugar and beat until light and fluffy. Beat in eggs. Stir in tomato soup. Sift together the dry ingredients and add to the batter along with the raisins.

Pour into a greased 9" x 12" pan. Bake 25 - 30 minutes. When cool, ice with caramel icing.

Caramel Icing

2/3 cup brown sugar 3 tbsp cream 1 tsp vanilla 3 tbsp butter ½ cup icing sugar

In a small saucepan bring brown sugar and butter to a boil. Take off heat and add the cream. Return to boil for a few seconds. Take off heat, beat in the icing sugar and vanilla. Beat with an electric mixer until thick enough to spread.

General Guidelines for Preserving

- always assess head space and its appropriateness for the type of food. Head space is measured down from the top rim of the jar to the top of the food. Fruit, tomatoes, sauerkraut, pickles and relishes - 1/2 in.; Jams, jellies, conserves - 1/4 in.; vegetables - 1 in.
- product pieces should be uniform in size and packed snugly; while allowing for good circulation of liquids. Liquids must cover the produce. Liquids should be free from cloudiness and small particles.
- should be free from defects or blemishes, or unwanted pieces, such as stones, pits, etc.
- exhibit a strong seal. Sealed lids curve downward and show no movement when pressure is applied in the center. Unsealed product is automatically disqualified!
- must be labeled with product name, date of preparation, processing method and time - i.e. Boiling water canner for high acid foods; Pressure canner for low-acid foods.
- have been within one year of the judging

750. Cooked Light Strawberry - Rhubarb Jam - Certo Light Crystals, entrants must submit 1 jar using the following recipe.

Cooked Light Strawberry-Rhubarb Jam

- 2 cups prepared strawberries (buy about 6 cups strawberries)
- 2-1/2 cups prepared rhubarb (buy about 1 lb. /450 g rhubarb)
- 2-3/4 cups sugar, divided
- 1 box Certo Light Pectin Crystals

Crush strawberries, one layer at a time. Measure exactly 2 cups prepared strawberries into large saucepan. Thinly slice or chop rhubarb. Measure exactly 2-1/2 cups prepared rhubarb into saucepan with strawberries; mix well. Combine 1/4 cup sugar and pectin crystals. Add to fruit mixture; mix well.

Bring to full rolling boil on high heat, stirring constantly. Add remaining sugar; stir. Return to full rolling boil; cook 1 min., stirring constantly. Remove from heat. Stir and skim foam for 5 min. to prevent fruit from floating to surface.

Pour immediately into warm sterilized jars, filling to within 1/4 inch of rims. Cover with lids. Let stand at room temperature 24 hours or until set. Makes 5-1/2 (1-cup/250-mL) jars

STANDARDS FOR JUDGING HANDICRAFTS

Merit is given for originality, innovative use of new ideas, and fresh interpretations of traditional designs and/or techniques.

(6) General Appearance, Impact, Colour

- Article is neat, clean, tidy, free from markings.
- Dimensions are accurate (i.e. both sleeves are the same length).
- Frame suits design and technique.
- Borders are equal on sides and top, wider on bottom edge.
- Fabrics are on the grain.
- Article is ready to use.
- Materials, time, and money spent in making article is justified by its beauty, usefulness, and durability.
- Colours look attractive together, and suit design and use of the article. Up-to-date styles and new products are encouraged.

(11) Creative Design

- Size and shape suits use of article. Materials chosen are appropriate for its use. Design principles are satisfied.
- Balance Both sides of design have equal visual weight. Large/bright object close to centre balances smaller/duller object further from the centre. Heaviest objects are near the bottom.
- Rhythm Repetition of shapes or colours draws eye around whole object.
- Harmony All aspects (line, shape, colour, size, texture, idea) go together.
- Proportion Size of parts of design are in proportion to the whole object and each other. Design is not divided exactly in 1/2 or 1/3.
- Emphasis- focal point of design gives eye a place to stop.

(4) Workmanship

• Has the article been crafted using reasonable standards of quality workmanship? Does the quality of work affect the appearance and/or usefulness of the article?

STANDARDS FOR JUDGING CLOTHING

- (6) First Impression individuality, suitability and creativity in choice of fabric, colour, and decoration Harmony Does it look like it all belongs together?
 - Fabric suitable to design, up-to-date, fashionable, attractive
 - Findings: buttons, trims, etc., complementary and serviceable - Do they work?
 - Style and design: fashionable, attractive, up-to-date.
 - Clean and well pressed
 - Appropriate and creative use of sewing machine or serger/overlock, or combination of both
- (11) Presentation finishing details (judged from the outside of garment)
 - Garment cut on grain
 - Matching of any predominate design on fabric, i.e. plaids, stripes, flowers
 - Correct construction of any fashion details, i.e. buttonholes, pockets, belts, zippers, pleats, darts
 - Sleeves: if set in sleeve, sleeve should be smooth across the cap, no puckers, or gathers exception is a puffed sleeve
 - Collar points: sharp, both the same length and shape
 - Top stitching: straight, acceptable stitch length
 - Hem: smooth, not puckered, suitable to the purpose of the garment

(4) Workmanship: (judged from the inside of garment)

- Seam finish, if necessary (knit fabrics do not require a seam finish unless they ravel - wovens require a seam finish)
- Stitching: proper tension, correct length of stitch appropriate for weight of the fabric used - if stretch fabric, seam must stretch and not pop
- Suitable weight and application of interfacing where body and shaping is required on a garment
- Hem finish: suitable to purpose of garment
- Facings: construction techniques suitable to wear of garment
- Armhole seam: slashing of underarm is not recommendedshould be trimmed and fairly narrow to be comfortable
- Are construction techniques suitable to the wear or purpose of the garment?

Rules and Regulations (Subject to changes) Non-adherence to these Rules can result in disqualification

- 1. Competition is open to all quilt exhibitors.
- 2. The judging criteria are included in the "Judging Standards" Fair Book.
- 3. Quilts may be entered in four categories:
 - hand quilted
 - domestic/mid arm fabric is manipulated by hand under a fixed machine
 - Track (mid/long arm) this includes where the machine rides on wheels and moves over the fabric and the machine is hand guided. No computer programmed quilting will be allowed
 - computerized quilting where the quilting design has been computer programmed
- 4. The quilt must be completely done by the person submitting the quilt.
- 5. No commercial quilting will be allowed (machine quilted by someone other than the exhibitor).
- 6. Quilts must have an appropriate title and give appropriate credit to pattern designer if not original.
- 7. Quilts must be clean; any with stains and/or markings; pet hair will not be accepted.
- 8. Quilts must have a <u>perimeter</u> of at least 240 inches (590 cm) to be considered for the competition.
- 9. A fabric quilt label must be attached to the bottom right corner on the backside of the quilt entry. Labels must be covered at all judging levels.
- 10. Quilts must be delivered/packaged in a durable and labeled clear plastic bag for handling.

- 11. Quilters must sign a release form when the quilt is entered at the local event.
- 12. A Judges Score Sheet will be distributed to all Societies, which must be used to judge the quilts. Any quilt not scoring 70 or more points will not qualify for the District or Provincial Competition.
- 13. Each Society may select up to eight quilts (2 hand quilted, 2 domestic, 2 track and 2 computerized) at their Fair to participate in the District Competition. Up to a total of eight quilts will be chosen at the District Competition to go on to the Provincial Competition.
- 14. Exhibitors may enter more than one quilt in this competition. However, they may only have one in each category advance to the Provincial Competition.
- 15. Any quilt may be entered in competition at as many Fairs as the exhibitor wishes. However, it may only represent the Society where it was first entered in the Provincial Competition and won. The exhibitor must advise Societies at the time of entry if their quilt is a winner at a previous fair.
- 16. If an exhibitor does not wish to participate in the Provincial Competition, the runner-up quilt with a score higher than 70 will be selected to represent the society in the District Competition.
- 17. At the district level prize monies will be awarded for the top quilts in each category. At the provincial finals, there will be prize monies available in the Hand Quilted, Domestic, Track and Computerized Quilting Categories.
- 18. All District Winners/Provincial Entries will be held for display at the Provincial Quilt Finals; and are encouraged to be available for the 2023 Red River Ex. Quilters are responsible to deliver/pick up their quilt(s).
- 19. MAAS will take the utmost care of the quilts; however, quilt owners are responsible for insuring their own quilts, if they so choose. The sponsors, societies and M.A.A.S. will not be liable for damage or loss.
